

Simplify and Strengthen Safety and Security

Verkada works closely with federal agencies to evaluate and ensure security requirements are met or exceeded. Designed with simplicity in mind, Verkada begins with a single pane of glass and eliminates complexities to scale easily across any number of remote sites.

Protect people, places and assets 24/7

Manage multiple sites at scale

Accelerate response and investigations

Key benefits

Monitor from anywhere

Provision team members in departments with site and role-based access permissions. Plus, share live camera feeds with local authorities in seconds.

Reduce bandwidth and costs

Reduce bandwidth to 20-50 kbps in steady state, while eliminating the need for NVRs, DVRs or external servers.

Enable off-the-grid, remote monitoring

Deploy Cradlepoint or Gridless solutions to protect remote areas with limited infrastructure.

Deter threats in real-time

Add Alarms to any camera for 24/7 intrusion detection and instant video verification. Set real-time alerts for unusual activity, vehicles or people of interest.

Mitigate risk & enhance data security

Secure data with redundant cloud backup, on-camera video retention of up to 365 days, detailed audit logs and unlimited cloud-based archiving.

Protect personally identifiable information (PII)

Implement controls such as role-based access, granular permissions, face blurring, privacy regions and more.

Customer stories

Larimer County Department of Natural Resources

"Because deployment is fast and flexible, we will continue to use Verkada to secure remote areas and special events."

Mark Olson,
Director Infrastructure and Support Services

City of Las Vegas

"The speed and ease of deploying the Verkada system is really night-and-day to anything on the marketplace today, we saw 70% faster installation and immediate ROI."

Michael Sherwood,
Chief Innovation Officer

City of Los Angeles

"Verkada makes it simple and quick to detect and respond to public safety incidents. It has never been easier in the over 20 years I've been here."

Jerry Morris,
Communications Manager

Why Verkada?

No NVRs or DVRs
– up to 365 days of
onboard storage

Role based access
unlimited user seats,
SSO and MFA

Up to 10-year warranty
and predictable
renewal costs

24/7 technical support
via email, phone
or live chat

**Easy multi-site
management**
with cloud-based
software

Automatic updates
and unlimited
cloud archiving

Command Platform

Manage products, users, and sites from a single pane of glass – accessible from a simple web browser or mobile app.

Guest

Personalize the check-in experience with custom sign-in flows, complete with security and health screens.

Mailroom

Streamline mailroom management and safeguard assets with Verkada's camera integration.

Video Security

Hybrid cloud cameras offer onboard storage and edge-based processing to deliver actionable insights in real-time.

Air Quality Sensors

Monitor environments for air quality, temperature, humidity, motion, noise, smoke, and vape emissions.

Intercom

Answer calls from anywhere with sharp intercom video, clear audio and four smart receiver methods.

Access Control

Easily manage doors, credentials, and users across districts with Global Access and Active Directory integrations.

Alarms

Catch and respond to break-ins with cloud-managed intrusion detection and 24/7 professional monitoring.
